# About Global Food Pro 2027

Global Food Pro 2027 is an international exhibition and conference focused on the food processing and allied manufacturing ecosystem.

The Expo & Summit brings together manufacturers, MSMEs, start-ups, policymakers, industry experts, and global stakeholders on a single platform to support collaboration, knowledge exchange, and sustainable growth.

Global Food Pro connects the entire value chain from post-harvest interventions to processing, machinery, packaging, and export providing a platform for collaboration and growth.

## A 3-day integrated platform combining:

**Exhibition**  
Showcase products, technology, and solutions

**Conference**  
Industry insights, policy, and market direction

**B2B Meetings**  
Structured buyer-seller connections

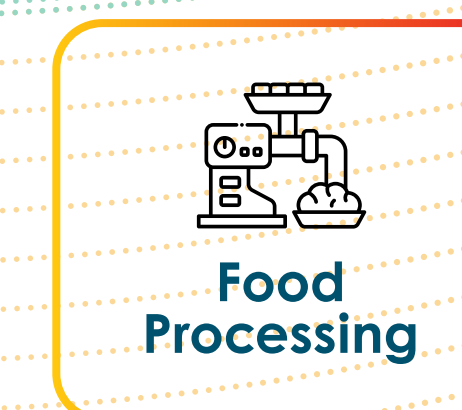

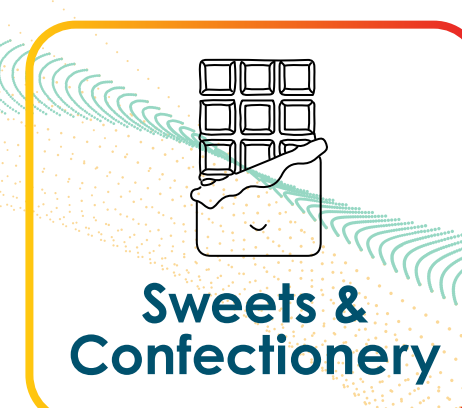

13–15 May 2027

BIEC Bengaluru.

Global Food Pro brings together the entire food processing ecosystem into a structured business platform designed for visibility, collaboration, and growth.

## 17 Focus Sectors

- Showcase advancements in processing, packaging, and equipment
- Enable B2B collaboration across domestic and global markets
- Promote MSME participation and capacity building
- Encourage technology-driven and sustainable growth
- Facilitate export readiness and market access
- Strengthen India's global position in food processing

### Organised By

लघु उद्योग भारती

**Laghu Udyog Bharati – Karnataka (LUB-K)** is part of a national MSME network representing over 70,000 enterprises, with strong presence across Karnataka.

**IMS Foundation** is a non-profit organization focused on the development of India's manufacturing sector, supporting skill-building, industry engagement, and MSME growth.
